6. You will benefit from an Expo Booth on the event platform, where anyone can visit you and engage with your team during the entire day **on the 16th of December 2020**.

We will set up an Exhibition Booth for you. You can use it as a normal conference booth, running some presentation materials (video) or someone from your team being present in person.

Attendees can write in your Expo Booth Chat.

We need:

- An email for your company where people can write to you.
- A headline for your company (ex. TYPO3 is the best CMS).
- A Background Image File (2:1, maxim upload size 2 MB).

- If you prefer a session presentation, we will create the Expo Booth like that (you can talk live with the attendees).
- For social aspects, we need links for the Facebook page, Twitter, or LinkedIn.
- If you want to offer some discounts/promotions for attendees (ex. We offer a 20% discount for our package support), please write us your offer.
- We will create a button action (ex. Register interest). If the attendees click on the button, you will receive an email that announces that that person is interested in your company, and you can write to him and establish a connection. Please tell us the name for your Button action (ex. Get the offer, More information etc.)

PRESENTATION SLOT ON HOPIN

7. You will have a dedicated presentation slot to present your project ideas, your work, or your products to the attendees live.

Your slot will be named on the Agenda, and you will have an Hour to discuss with the audience; and we will direct the audience to your booth, which will act as your personal scene.

There will be no other sponsor presenting at the same time.
